A treaty is a formal legally binding written agreement between actors in international law. It is usually entered into by sovereign states and international organizations, but can sometimes include individuals, business entities, and other legal persons. A treaty may also be known as an international agreement, protocol, covenant, convention, pact, or exchange of letters, among other terms.

Overview Arbitration is a process in which the parties to a dispute present arguments and evidence to a dispute resolution practitioner (the arbitrator) who makes a determination. The process is private and, subject to the parties' agreement, can be confidential. Arbitration offers a flexible and efficient means of resolving disputes

Arbitration | Australian Disputes Centre

Mediation has also become a significant method for resolving disputes between investors and their stock brokers. See Securities Dispute Resolution. Arbitration is more formal than Mediation and resembles a simplified version of a trial involving limited discovery and simplified rules of evidence (ex.hearsay is usually admissible in arbitration).
