### Mia Documentation Quiz

A Welding Procedure Specification, or WPS, is a document that serves as a guide for the effective creation of a weld that meets all applicable code requirements and production standards. Think of a WPS as a recipe for welders. In the same way that a recipe for a cake details what ingredients and quantities you'll need, a WPS contains details ...

### WPS and PQR Demystified : Resources : American Welding Society

How to write a welding procedure specification (ISO 15614-1) One of the most important documents in regards to welding is the WPS (Welding Procedure Specification) and many people working with WPS look at them like they are just an issue, or something that only the engineers and quality control technicians have to worry about, but is it a hard thing to create and/or look at?
