Re: how do livewells work There's two holes at the back of boat. One is like a threaded platic pipe. The other is like a bilge fitting. Then inside the boat its like a little holding tank with a bilge pump inside it. The livewells have a spraybars with taps in them and two holes aswell Is the threaded pipe at back of boat so you can cap it

Microsoft Excel - Work together on Excel spreadsheets

This openness fits a “Work Hard, Play Hard, Learn More” company, and could work if enough people commit to being authentic at work. The energy of what goes well. I hope you feel it, too: the energy when you start from what is already working well, and next, see how you could facilitate that greatness by further improving the organization.
