OpenScape Business - Atos Unify Experts Wiki

As part of the Atos Unify OpenScape Enterprise portfolio, Atos Unify OpenScape 4000 bridges the gap from legacy digital communications to IP-based unified communications. Both reside side-by-side in the same enterprise, on the same platform. You leverage and enhance your existing communications by ...

OpenScape 4000 - Atos Unify

The new OpenScape Desk Phone CP400m CP600 and CP700 are a bridge to Unified Communications. In operation without UC the User Interfaces uses the consistent design language and eases the change, or the expansion of existing communications infrastructure toward the trendsetting UC eco system. The phones remain part of the system.
