Getting a thesis

proposal done can be a
little too complicated,

especially if you are
doing the project for

the first time. Many

research review panels

often reject documents

outright and the reason

for the rejection and

negative feedback is

that such projects are

not always up to the

required standards.

What is a research proposal? A research proposal aims to present your idea or your question and expected outcomes with clarity and definition – the what. It also seeks to make a case for the reason your question is significant, the value add that your research will bring to your discipline – the why.
