THE LTC? A way of estimating the number of tricks your side will take in a trump contract. The great advantage is that it is significantly more accurate than point count.

HAND EVALUATION and the LOSING TRICK COUNT

Losing Trick Count (LTC) is a hand evaluation method popularized by

Download Ebook The Modern

Australian expert Ron Klinger. It's used to judge how high to bid after an 8+ card trump fit is identified. LTC employs the following math: Count the number of "winners" and "losers" in each of your suits: Each ace and king counts as a winner.

Losing Trick Count in Bridge Hand Evaluation and Bidding

Download Ebook The Modern

Losing Trick Count -A hand evaluation technique originally described by F. Dudley Courtenay's book "The System the Experts Play", and popularized by Ron Klinger in his book "Modern Losing Trick Count", based on counting effective losers in a trump contract. Simply stated, once partnership has identified a 8+ card suit fit (unless the

The Bridge World

With only two cards, the queen becomes a loser (but count AQ as no losers and KQ as one loser). With only one card, just the A is not a loser. So Qx is two losers the same as xx but Kx is one loser as is the king or queen alone. Remember these are not real losers, just LTC losers as a form of hand evaluation.
