Psychology is the study of humanity, the thinking, and feeling aspect of the ego identity. It is our mind and our heart. A warrior's body maybe the weapon, but how that weapon is used depends on the heart and mind of the warrior, their spirit. Warriors move towards a quick and strategic conclusion to conflict, not away from it.

The Aikido FAQ: Essay - The Psychology of the Warrior Spirit

Using a Psychological/Ritual Model of criticism, the essay argues that the rhetorical force of "The Deer Hunter" is explained by men's participation in rituals, such as deer hunting, which affect the patterns of psychological change they experience during and after war. These changes affect the future regeneration of the society.
